In any circumstance that arises while <animal> is with us, we will do our best to manage the situation without any additional expense. I understand that I am responsible for any charges due to medical problems that may arise while <animal> is boarding at Advanced Pet Care of Clear Lake..

If we cannot contact anyone, please choose one of the below:

- We may do all that is needed to diagnose and treat the problem.
- We may do only minimal treatment and wait for authorization for further action.
- We will only do what is necessary for the safety of <animal> until we receive authorization.

### **Boarding Policy**

#### **Vaccines**

All animals must have current vaccinations, including Bordetella (this vaccine is given every six months) and influenza(flu). If your pet is due for vaccinations within two weeks, shots must be given for your animal to board here.

#### **Fleas**

We flea comb each pet on entry. If live fleas or “flea dirt” is seen, a flea treatment will be done at the **OWNERS EXPENSE**. This is to prevent the spread of fleas and ticks in our kennel.

#### **Baths**

We highly recommend opting for a bath for your dog during their boarding stay. We do everything possible to prevent accidents, but some pets will have increased anxiety causing accidents. If your pet requires multiple baths during their stay then a charge will be added to your account.

We recommend that you leave **ALL** toys and other material items at home. Advanced Pet Care of Clear Lake will not be held responsible for lost items..Advanced Pet Care also will not be responsible for any issues that arise from items that are brought from home by owner.

In case of a hurricane or other natural or manmade disaster, we will do our best to secure the safety of <animal>, but we cannot be held responsible for <animal>'s fate. I understand and agree to all of the above.

Pets may be **picked up** Monday-Friday by 5:30PM and Saturday by 11:30AM and Sunday from 4-5 PM **Any pet picked up after established time will be charged an additional day.**

Date: \_\_\_\_\_

If you are leaving more than one animal for boarding, would you like them to stay together? \_\_\_\_\_  
If yes, which animals would you like in the same cage / run? \_\_\_\_\_

Some animals do not do well boarding in the same cage. Cage aggression or feeding time may be a problem. If your animals have a history of fighting we do not recommend they stay together. Advanced Pet Care of Clear Lake will not be held responsible for any damage the said animals may do to each other. If medical care is needed, the owner will be fully responsible for the charges.
